# Coravin Wines by the Glass

At Seven Glaciers we are proud to be one of the only establishments in Alaska to offer wines by the glass with the Coravin system. The Coravin is the first tool in the world to let people access, pour, and enjoy wine from a bottle without pulling out the cork. The Coravin proprietary technology protects the wine from oxidation leaving the cork in place while the wine flows. This system allows us to offer vintage wines from our cellar on a rotating basis. We trust you will enjoy the exceptional wines on offer as much as we enjoy serving them to you.
